

»» FINANCIAL CONTROLLER UK (M/F/D)

ABOUT US

PLIXXENT is Europe's largest independent Polyurethane System House and leader in the delivery of innovative polyurethane-based technologies. As specialists in polyurethane, we provide both standard solutions and customized systems and we follow customers throughout the value chain – from design phase to product development, implementation and after-sales support. Decades of know-how in the development, production and processing of polyurethanes, as well as high quality standards, make us a reliable partner.

In March 2021, PLIXXENT acquired the business and assets of the former MRi Polytech International, now trading as Polytech Liquid Polymers Ltd. To support our planned growth, together with our integration into the wider PLIXXENT European network, we would like to expand our Finance Team by recruiting a Financial Controller, who will report to the UK Finance Director. The role will be based at our site in Pott Shrigley (near Macclesfield) in Cheshire.

YOUR NEW CHALLENGE

As **Financial Controller**, you will be responsible for expanding upon existing controlling and reporting mechanisms, and you will have a key role to play in the planned implementation of SAP S4/HANA. You will help us in establishing new processes and optimising existing processes in order to meet the reporting and controlling requirements of our parent company, as well as establishing reporting mechanisms and providing analysis to support key business decisions for the local organisation, such as cost calculations and variance analyses for Sales and Production.

You will also be involved in accounting, cash management, budgeting and forecasting, liquidity planning, as well as supporting month-end and year-end closing activities.

Core responsibilities will be:

- Ensuring the timely production of accurate monthly management accounts
- Creating and producing timely financial reporting and KPIs for the Managing Director and Management Team
- Preparation of forecasts, budgets and strategic plans, with financial metrics for the achievement of growth, with particular regard to sales and profitability (EBITDA)
- Control of cash-flow and production of weekly liquidity forecasts
- Company administration matters

WHAT WILL YOU BRING WITH YOU?

- Suitable financial qualification
- A minimum of 3 years' experience, preferably in a manufacturing environment
- Very competent with Microsoft Office, and ideally with experience of SAP FI/CO
- Knowledge of UK GAAP and tax regulations
- Enthusiasm, coupled with a willingness to learn and the desire to contribute to our growth

With the Competencies:

- Analytical Thinking
- Solution-oriented

- Structured and analytical approach to problem-solving
- Effective communication, presentation, and interpersonal skills
- Customer-oriented
- A strong team player
- High interpersonal awareness and social skills
- Proactive and entrepreneurial
- Ability to work on differing tasks simultaneously and to meet deadlines

WHAT YOU CAN EXPECT

At PLIXXENT (Polytech Liquid Polymers) we offer you a friendly and sociable working environment and all the advantages of a medium-sized, international company in start-up mode. We offer the freedom to contribute your own ideas and take on responsibility.

We cultivate a collegial atmosphere as part of a dedicated and committed team.

BECOME PART OF OUR TEAM

We are looking forward to receiving your application. Please send your application before January 24th 2022, together with a cover letter and details of your latest or current remuneration package to career@plixxent.com.

PLIXXENT respects the principle of equality when hiring people. We do not discriminate based on religion, race, nationality, gender, colour, sexual orientation, disability or any other personal characteristics. All hiring in PLIXXENT is based upon background experience, knowledge, and suitability to fulfil the requirements of the role and the business.
